First day of School

A good beginning makes a big difference. When the first day of school rolled around this year, there was a positive buzz in the air. There were plenty of smiles and the frame of mind was full of enthusiasm. Children were excited about school. Meet and greet was conducted by the teachers and they welcomed the students with a smile, and showers of blessings. Students who achieved rank in Olympiad exam (2023-24) were honoured with certificate and trophy.
